Witch Hat Tutorial

Tutorial Written by Julie Davison

Thanks to Leslie Rhoades and Dawn Miller for showing me this cute project, which they both CASEd from Stampin' Connection. I love Stampin' Connection (an online community just for demonstrators) for all the talent and creative ideas shared so freely.

Supplies:

- 4 ½" x 11" Basic Black Cardstock
- 1" x 7" Basic Black cardstock
- 1" x 4" Peach Parfait Patterns DSP
- ¾" x ½" Peach Parfait Patterns DSP
- Scrap Old Olive cardstock
- 10" Peach Parfait Ribbon
- Crop-a-Dile
- Curly Label Punch
- Scissors
- SNAIL Adhesive

Directions:

1. Score the Basic Black cardstock in half at 5 ½". Find the center (2-1/8") of each 4 ¼" side. Use a straight edge (such as the Stampin' Around Wheel Guide) and a bone folder to make diagonal score lines from each mark to the edges of the fold at 5 ½". (See diagram on next page.)
2. Fold on all score lines. Bring up the two sides on the left and punch a hole using the largest hole punch on the Crop-a-Dile. Do the same on the opposite side.
3. Thread the ribbon through the holes, pull, and tie a knot to close the box. (Note: Make sure to put your treat in the box before you tie it closed!) For a shabby look, poke your scissors through the ribbon near the knot and pull up to shred the ribbon.

4. Adhere the strip of Basic Black cardstock on the front of the box at the very bottom edge. (Use adhesive only in the center of the strip because the ends will hang over the box and don't need to be sticky.) Use scissors to cut a diagonal from the bottom edge of the cardstock strip to the box.
5. Adhere the designer series paper to the box, directly above the Basic Black cardstock strip. Trim even to the edge of the box.
6. Use the Curly Label Punch to punch a scrap of Old Olive cardstock. Adhere the small square of designer series paper to the Curly Label piece and adhere that to the center of the designer series paper on the box to mimic a buckle.

Triangle Box Pattern: Start with 4 ¼" x 11 cardstock. Score at 5 ½". Score diagonally from the center fold to the middle (2-1/8") of each end.
