

Two Tags Die Box

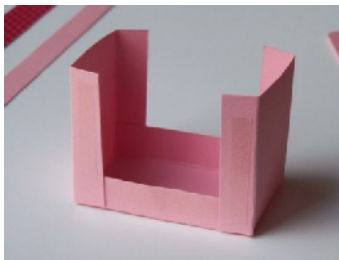

Original Concept by Lisa Curcio
Tutorial Written by Julie Davison

Directions:

1. Die cut two large tags from the Stampin' Up! Two Tags die (#115954) in Pretty in Pink cardstock. Fold on the score lines. Adhere the bottom of both tags together, forming the front and back of the box.

2. Cut a piece of Pretty in Pink cardstock to 2 3/4" x 6 3/4" for the side of the box. Score at 1/2" from the long sides and 2" from each short side. Cut on the small folds in the center from the edge to the 1/2" score line. Apply Sticky Strip to the side flaps. Fold up to form the frame for the box. Adhere inside the Two Tags.

Embellish box as desired. Designer paper shown above is 3/4" x 12" and was adhered to box using SNAIL adhesive.

3. Cut a piece of Pretty in Pink cardstock to 1/2" x 8 1/2" for the handle. Put a Mini Glue Dot on each end and thread through the slit on the front and bag tags, adhering to the inside of the box. Add a brad through the hole to secure the handle in place.
