Snip & Tuck Card

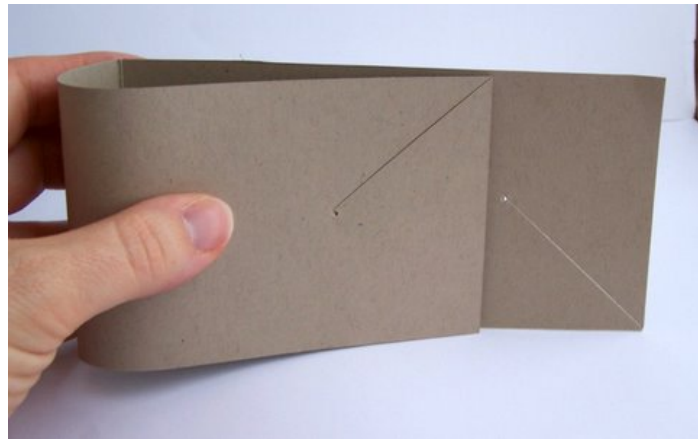

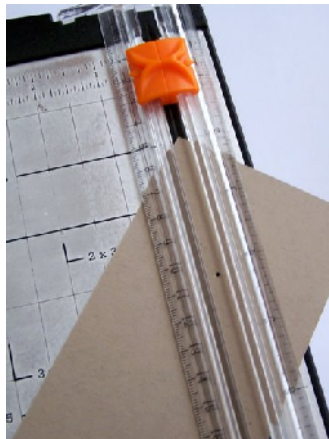

This card concept was demonstrated as the "Fun Fold" card by Bonnie Thurber at the 2011 Stampin' Up! Leadership Conference.

Bliss Card Design & Tutorial by Julie Davison

Directions:

1. Start with 3" x 12" piece of cardstock. Fold in half to create a 3" x 6" card. Use the Paper Piercing Tool to make a hole through both layers (front and back) of the card, in the center, approximately 2" from the open end of the card.
2. Using the paper cutter, line up the top corner of the card front with the hole and cut from the corner down to the hole. Do the same thing on the inside of the card, making a cut from the bottom corner back up to the hole.

- Stamp along the inside edge of the card.
Decorate the front of the card, including an embellishment that covers the hole on the front of the card that will hide any unevenness in the cut.

- Tuck the point of the front right corner behind the back of the card, by way of the slit on the bottom of the back of the card. The stamped image on the inside of the card will show on the front of the card.

Supplies Used for Sample Card:

Bliss (Sale-a-bration 2011 stamp set), Basic Black ink & cardstock, Rose Red ink & cardstock, Crumb Cake ink & cardstock, Very Vanilla cardstock, First Edition DSP, Scallop Edge Punch, Scallop Oval Punch, Large Oval Punch, Decorative Label Punch, Rhinestone Jewel Accents, 1/8" Basic Black Taffeta Ribbon, Stampin' Dimensionals, Paper Piercing Tool, Paper Cutter
