## Spinner Card

Tilt the card and watch the monkey spin to the other side.

Stampin' U p! Supplies: (Shop Online 24/7 at juliedavison.stampinup.net)
Fox \& Friends stamp set, \#117020
Soft Suede ink \& cardstock ( $5^{1 / 2} / 2^{\prime \prime} \times 7^{\prime \prime}$ and scrap)
Whisper White cardstock ( $5^{1 / /^{\prime \prime}} \times 3^{\left.1 / 1 / 4^{\prime \prime} \& ~ s c r a p\right) ~}$
In Color Patterns Designer Series Paper, \#117158, ( $5^{\left.1 / 4^{\prime \prime} \times 21 / 4^{\prime \prime} \text { ) }\right) ~(1) ~}$
Word Window Punch, \#119857
½" Circle Punch, \#119869
1-3/ 8" CirclePunch, \#119860
Scallop Circle Punch, \#119854
Stampin' Dimesionals, \#104430
2 Pennies

## Directions:

1. Fold the Soft Suede cardstock in half to make a $5^{1 / 2} \times 3$ $1 / 2{ }^{\prime \prime}$ card.
2. Adhere the designer paper to the top of the Whisper White cardstock. Use the Word Window Punch to punch
 a track for the spinner. Put the punch all the way in from the bottom of the cardstock and punch a hole, approximately $1 / 2{ }^{1 \prime \prime}$ from the end. Move the punch over and continue punching to extend the track across the card front.

3. Use the ${ }^{1} / 2^{\prime \prime}$ Circle Punch to create a notch on each end of the track. This will help initiate the pennies spinning when you tilt the card.
4. To make the spinner, create a "penny sandwich" using the Stampin' Dimensionals (foam "pop dot") and two pennies. Put a Dimesional on the penny and then put the other penny on top. Adhere this to the spinner with another Stampin' Dimesional.
5. Gently bend the cardstock and maneuver the penny spinner so that one penny is on either side of the track.
6. Adhere the card front to the card using Stampin' Dimensionals around all edges of the card to make sure there is enough room for the spinner to movefreely without getting caught up on the card.

7. Stamp a greeting, if desired, and add any additional embellishments to finish the card.
