[Mat Pack, #105826](#)
[Paper Piercing Tool, #116631](#)
[Lucky Limeade Ruffled Ribbon, #122977](#)

Directions:

1. Stamp and decorate the circles as desired. Adhere one 3 1/2" Circle to the Scallop Circle. A second 3 1/2" circle could be stamped or designer series paper. The third piece will be the 1 3/4" Circle layered on to the 2-3/8" Scallop Circle.

2. Lay the largest Scallop Circle on the foam mat from the Mat Pack. Be sure to line the text upright and straight. Line up the second 3 1/2" Circle over it. Use the Paper Piercing Tool to pierce a hole about 1/4" from the top of the 3 1/2" circle. Go through all three layers and secure them together with a brad.

3. Open up the second 3 1/2" circle and lay it on the foam mat. Line up the small circle in the center. The greeting on the smallest circle should be upside down at this point. (When it is flipped up, it will be right side up.) Pierce through these layers at the edge of the 1 3/4" Circle Punch. Secure with a brad.

4. Open up the smallest circle. Fold a piece of ribbon in half and place behind the top of the scallop circle. Pierce through scallop circle and ribbon at the edge of the 1 3/4" Circle Punch. Secure with a brad.
