## Surprise Diorama Box Card

### Directions

1. Score 12" x 5-1/2" Real Red cardstock with Simply Scored Tool at 1/2", 4", 4 1/2", 8".
2. Apply Sticky Stick along the 1/2" flap of the card.
3. Use the 1-3/4" Circle Punch to punch a window in the top center of the first panel of the cardstock. (When folded up, this will be the inside of the card.)
4. Fold on all score lines of the Real Red cardstock, creating kind of a box on the inside of the card. The flap with Sticky Strip will fold back to the inside center of the card. The Sticky Strip edge will adhere to the back side of the card front (NOT the card *back*). Fold the card flat again.
5. Open the card and gently push down on the middle to place the stamped 1-3/4" Circle with the inside greeting into the diorama box, centered through the hole.
