

# Watercolor Wings Pop Up Card

## Measurements:

- 8 1/2" x 5 1/2" Basic Black cardstock
- 7 1/2" x 4 3/4" Whisper White cardstock, scored at 3 3/4"
- 2" x 5 1/2" Whisper White cardstock
- 1 1/2" x 2" Tangelo Twist cardstock
- 1/2" x 2 3/4" Hello Honey cardstock
- 4 1/4" x 5 1/2" Whisper White cardstock (for die cutting butterflies)

## Directions:

1. Stamp the dot pattern in Tangelo Twist ink on Tangelo Twist cardstock. Adhere to the bottom of the Whisper White cardstock.
2. Stamp the greeting in black on Hello Honey cardstock. Use the small Banner Punch to clip the ends of the Hello Honey cardstock. Adhere to the Whisper White cardstock above the Tangelo Twist layer.
3. Die cut Whisper White cardstock with Butterflies Thinlits (small butterflies) and Bold Butterfly Framelits (large butterfly).
4. Stamp butterflies in various layers with Hello Honey, Whisper White, and black ink. Attach the small butterflies to the Whisper White cardstock using Stampin' Dimensionals. Stamp the antennae in black ink above each butterfly.
5. For the inside: score the Whisper White cardstock in half at 3 3/4". Use a pencil to make the cardstock at 2 1/2" on each side from the center score and 2 1/2" down from the top along the score line.
6. Use the Stampin' Trimmer or scoring tool to score a diagonal line on each side of the center score line, connecting the two pencil markers. Erase the pencil marks after scoring.
7. Fold on the score lines so the cardstock pops out.
8. Attach the large butterfly using one dimensional on the left side. The butterfly will fold down with the scored cardstock and will not be visible when the card is closed.
